

Tonfang Techrider

Micstands	3 (incl. 1 for guitar amp)
Mics	1 for guitar amp
DI	2 (1 Stereo) for Laptop
Keyboardstand	2 if possible
Bassamp	1
Carpet	1 for the Drumset

- We bring our own mics (2 for vocals, 1 for snare and 1 for kick). We only need the guitar amp mic.
- We pre-mix our sound: Vocals and Drumset as well as all the Keys come from the Laptop DI. This means:
- The sound guy or gal only gets the guitar, the bass and the signal from the DI.
- Usually we play with a drummer (John), a bass player/keyboarder/singer (Uli) and a guitarist/keyboarder/singer (Patrick)
